(54) SUNBURN-PREVENTIVE OUTER WEAR

(57) Abstract:

PROBLEM TO BE SOLVED: To provide a sunburn-preventive outer wear protecting the whole neck part including the back of the head from ultraviolet rays and having high sunburn-preventive effect.

SOLUTION: The objective sunburn-preventive outer wear 1 is composed of a body part 2 covering the breast to the abdomen and a collar 4 sewn to the top opening 3 of the body part 2. The collar 4 is composed of a single cloth made of a commercially available fiber having sunlight screening effect. The collar 4 is composed of a neck-covering part 8 to cover the circumference of the neck from the front side 5 along the cheek bone 6 to the base of the ear 7 and a head-back covering part 9 to cover the whole ear including the base of the ear 7 and further the back of the head along the circumference of the head.
